Preface

The fees we charge you for processing your credit card and non-PIN debit card transactions include processing fees billed to us from the “Payment Networks” (Visa, Mastercard, Discover, and American Express). This amount, called “Interchange” varies based upon a series of interchange programs (also known as interchange levels), that may apply to the transaction depending upon a number of factors – including but are not limited to, the type of card presented, specific information contained in the transaction, how and when the transaction is processed and your industry.

American Express charges Program Pricing fees and not Interchange, and these fees are subject to change.

As a result, a portion of the rate that we charge you will depend on the type of transaction and the interchange program under which the transaction is processed. In order to qualify for any specific Interchange program, you must satisfy certain qualification criteria established by the payment networks. This Visa, Mastercard, Discover & American Express *Payment Network Qualification Matrix* identifies the primary qualification criteria for the various interchange programs. In reviewing the Visa, Mastercard, Discover & American Express *Payment Network Qualification Matrix*, please note the following:

- The *Payment Network Qualification Matrix* is only a summary of the rates, qualification criteria, and downgrade reasons established by Visa, Mastercard, Discover & American Express for each interchange program – it is not all inclusive and applies to merchants processing in the U.S. For a complete list, call the customer service phone number listed on your merchant account statement. In the event of any ambiguity or conflict, the interchange requirements established by the payment networks will determine in which interchange program your transactions qualify.
- Some interchange programs require that you utilize certain additional services such as Address Verification Service (AVS). Some interchange programs also require that you transmit detailed transaction data such as order numbers or hotel folio numbers. Other interchange programs require that you transmit certain indicators reflecting the nature of your transactions (such as an “E-Commerce indicator” for internet transactions).
- Interchange programs may also be restricted to merchants in certain Merchant Category Codes (“MCC”) such as Supermarkets or Automated Fuel Dispensers (AFD).
- In some cases, transactions may be processed within a more costly interchange program solely as a result of the type of card that is presented. For example, a Visa Signature card, among others, will generally qualify within a higher interchange program.
- The information in the *Payment Network Qualification Matrix* should not be used to develop software or other interfaces for transmitting transactions as technical aspects of these requirements may be much more detailed than the summary presented. If you utilize terminals, software, services or equipment provided or configured by any third party, be aware that failure by these systems to correctly and accurately transmit information in the required formats may result in your transactions not qualifying within the most favorable interchange programs.
- The Primary Qualification Criteria listed for each interchange program on the *Payment Network Qualification Matrix* is accurate at the time of release. However, the payment networks may at their discretion add, remove or change qualification criteria or interchange programs at will.
- On June 29, 2011 the Federal Reserve Board (FRB) released the final regulations implementing Section 1075 (the Debit Interchange Amendment) of the Dodd-Frank Wall Street Reform Act. Within the Act, the FRB was directed to establish regulations on Debit Interchange Rates. As a result, effective October 1, 2011, Debit Interchange will be divided into two categories: Non-Regulated (Financial Institutions with assets less than \$10 billion, Govt. issued benefit cards and general-use reloadable prepaid cards) and Regulated (Financial Institutions with assets greater than or equal to \$10 billion).
- The Discover section only applies to customers where Wells Fargo Merchant Services (WFMS) is responsible for the authorization, processing and settlement of Discover Cards (including Diners Club International, Japanese Credit Bureau, China Union Pay and Korean BC Card). It does not apply to customers that have a direct relationship with Discover, where WFMS is responsible for only authorization and/or capture of Discover Cards, and Discover is responsible for processing and settlement.
- The American Express section only applies to customers where Wells Fargo Merchant Services (WFMS) is responsible for the authorization, processing and settlement of American Express Cards. It does not apply to customers that have a direct relationship with American Express, where WFMS is responsible for only authorization and/or capture of American Express Cards, and American Express is responsible for processing and settlement.

How to Use the Matrix

Matrix column	Description
1 Interchange Program/Card Type	Various interchange programs specifying each type of payment card eligible within this program.
2 Interchange Rate	The interchange rate of each card type within the specified interchange program.
3 Interchange Per-Item Fee	The per-item transaction fee of each card type within the specified interchange program.
4 ICF Applies	If a “Yes” appears, then the Interchange Clearing Fee applies to transactions for that specified interchange program.
5 Primary Qualification Criteria	The qualifying criteria that is required for a payment to be eligible for the specified interchange program. Your anticipated interchange programs can be found on the pages referenced in your <i>Interchange Pricing Summary</i> .
6 Next Interchange Program Logic	If you don’t meet the criteria specified in #5, this is the next available interchange program at which you will be priced.
7 Changes	<p>Note to read-aloud software users:</p> <p>Within the matrix, we have used a blue square-shaped symbol to mark a new program or a qualification that has changed in any of the other columns. Your read-aloud software might pronounce this symbol as the letter “N”.</p> <p>We have used a purple circle symbol to mark a change in the MCC codes that qualify for a particular interchange program. Your read-aloud software might pronounce this symbol as the letter “L”.</p> <p>We have used a green triangle symbol to mark rates or fees that have decreased. Your read-aloud software might pronounce this symbol as the letter “T”.</p> <p>Finally, we have used a red triangle symbol to mark rates or fees that have increased. Your read-aloud software might pronounce this symbol as the letter “S”.</p>

Visa Footnotes

¹ The numeric bullet point in the “Primary Qualification Criteria” column corresponds to the numeric bullet point in the “Next Interchange Program Logic” column within the same row. This column lists the next possible Interchange program when the qualifying criteria is not met. For example, when looking at numeric bullet point 1 under CPS Retail “Primary Qualification Criteria” column - Magnetic stripe, contactless, or chip data read, obtain customer’s signature - if a transaction is not magnetic stripe, contactless, or chip data read, and is key-entered then the next downgrade interchange program would be Retail Key-Entered or Card Not Present when looking at the corresponding numeric bullet point in the “Next Interchange Program Logic” column.

² If transaction is \$25 or less no signature required for all MCCs except Wire Transfer Money Orders (MCC 4829), Automated Fuel Dispensers (MCC 5542), Direct Marketing-Insurance Services (MCC 5960), Direct Marketing-Travel Related Arrangement Services (MCC 5962), Direct Marketing-Catalog Merchants (MCC 5964), Direct Marketing-Combination Catalog and Retail Merchants (MCC 5965), Direct Marketing-Outbound Telemarketing Merchants (MCC 5966), Direct Marketing-Inbound Telemarketing Merchants (MCC 5967), Direct Marketing-Continuity Subscription Merchants (MCC 5968), Direct Marketing/Marketers Not Elsewhere Classified (MCC 5969), Financial Institutions-Manual Cash Disbursements (MCC 6010), Financial Institutions-Automated Cash Disbursements (MCC 6011), Financial Institution-Merchandise and Services (MCC 6012), Betting including Lottery Tickets, Casino Gaming Chips, Off-Track Betting (MCC 7995), Intra-Government Purchases (MCC 9405), or Intra-Company Purchases (MCC 9950). For Discount Stores (MCC 5310) and Supermarkets (MCC 5411) transaction amount limit is \$50.

³ Valid electronic authorization is obtained through a terminal or software. When an electronic authorization is obtained, all required authorization data & qualifying criteria must be present at settlement, including validation code, transaction id, auth date, etc.

⁴ Equipment must be programmed to use the Address Verification Service (AVS).

⁵ Bill payment transactions that do not have health or select developing market MCCs must send a Market Specific Indicator (MSI) of “B”, ACI of “Y”, processing code of “50” and MO/TO indicator of “01” for one-time payment, “02” for recurring payment and “03” for installment payment. E-Commerce Bill Payment transactions that do not have health or select developing market MCCs must send a Market Specific Indicator (MSI) of “B”, ACI of “Y”, processing code of “50” and MO/TO indicator of “5”, “6” or “7”.

⁶ If the settled amount is over the tolerance from the initial authorized amount a reversal needs to be performed. A merchant must call the issuing bank and ask for the authorization to be reversed or submit an electronic reversal to prevent impact to the cardholder’s credit line.

⁷ CPS qualified - Must provide primary qualification criteria for a CPS Interchange program above, in addition to the primary qualification criteria for interchange program trying to achieve. The following transaction types are excluded from CPS Interchange programs: Non-Secure E-Commerce transactions (ECI=8), Cash Disbursements, Quasi-cash transactions processed using a non-face-to-face CPS program on consumer debit, consumer prepaid, commercial prepaid, and business debit cards and Quasi-cash transactions on consumer credit or commercial credit products, transactions from High Risk MCCs (5962, 5966 and 5967), Digital Wallet transactions with MVV and business application identifier of WT (wallet transfer), transactions from Self-Service or Automated Dispensing Machines (except AFD transactions (MCC 5542), Local and Suburban Commuter Passenger Transportation, Including Ferries (MCC 4111), Passenger Railways (MCC 4112), Bus Lines (MCC MCC 4131), and Small Ticket), declines and referrals.

⁸ Travel & Entertainment (T&E) includes Restaurants, Hotels, Car Rentals, Truck and Utility Trailer Rentals, Passenger Transport, Cruise Lines, and Travel Agents.

⁹ Level II Data requires a valid sales tax amount and tax indicator.

Sales tax must be between 0.1% and 22%. If tax exempt (\$0 entered as tax amount or blank) transaction will clear at Visa Card Present (Corporate/Business/Purchase), Card Not Present (Corporate/Business/Purchase) or Business-to-Business (Business).

Purchase card transactions from fuel MCCs do not require sales tax, but do require customer code. Corporate card transactions at fuel MCCs do require sales tax, but do not require customer code. Fuel MCCs consist of: 4468, 5499, 5541, 5542, and 5983.

Level III Data is line item detail, which includes item description, item quantity, item unit of measure, item freight / shipping amount, item commodity code, item discount amount, duty amount, product code, unit cost, discount per line item and line item total. Fleet Purchasing, GSA Purchasing and Purchasing cards for fuel transactions, fuel data is required. Visa Fuel Data Requirements includes business format code, type of purchase, fuel type, unit of measure, quantity, gross fuel price and miscellaneous fuel tax exemption status.

Large ticket transactions require level III data, customer code, and either a valid tax amount or a tax exempt indicator.

¹⁰ Visa Spend Qualified Indicator (SQI) determined that the Infinite cardholder has exceeded the defined annual spend requirement of \$50,000.

¹¹ Visa Interregional interchange programs include the Visa International Acquiring Fee (0.45%).

¹² Visa Cardholder Spending Requirements for Business Products: Business Tier 1 - \$0 to \$19,999.99; Business Tier 2 - \$20,000 to \$39,999.99; Business Tier 3 - \$40,000 to \$99,999.99; Business Tier 4 - \$100,000 and greater. If the Issuer doesn’t supply the annual cardholder spend, then the transaction will qualify at Tier 1/Business.

Visa Large Purchase Advantage 1, 2, 3, and 4 - The product is a virtual account designed primarily for use in an automated accounts payable environment for GSA and non-GSA Purchasing card accounts in the non-travel service market segment.

¹³ **Debt Repayment 2 allows a convenience fee charged to the cardholder. ■**

Mastercard Footnotes

- ¹ The numeric bullet point in the “Primary Qualification Criteria” column corresponds to the numeric bullet point in the “Next Interchange Program Logic” column within the same row. This column lists the next possible Interchange program when the qualifying criteria is not met. For example, when looking at numeric bullet point 1 under Merit III “Primary Qualification Criteria” column - Magnetic stripe, contactless, or chip data read, obtain customer’s signature - if a transaction is not magnetic stripe, contactless, or chip data read, and is key-entered then the next downgrade interchange program would be Merit I or Key-Entered when looking at the corresponding numeric bullet point in the “Next Interchange Program Logic” column.
- ² If transaction is \$50 or less no signature required for all MCCs except Key-entry Telecom Merchant (MCC 4813), Wire Transfer Money Orders (MCC 4829), Automated Fuel Dispensers (MCC 5542), Direct Marketing-Insurance Services (MCC 5960), Direct Marketing-Travel Related Arrangement Services (MCC 5962), Direct Marketing-Catalog Merchants (MCC 5964), Direct Marketing-Combination Catalog and Retail Merchants (MCC 5965), Direct Marketing-Outbound Telemarketing Merchants (MCC 5966), Direct Marketing-inbound Telemarketing Merchants (MCC 5967), Direct Marketing-Continuity/Subscription Merchants (MCC 5968), Direct Marketing-not elsewhere classified (MCC 5969), Financial Institutions-Manual Cash Disbursements (MCC 6010), Financial Institutions-Automated Cash Disbursements (MCC 6011), Quasi Cash-Member Financial Institution (MCC 6050), Quasi Cash-Merchant (MCC 6051), Remote Stored Value Load-Member Financial Institution (MCC 6529), Remote Stored Value Load-Merchant (MCC 6530), Payment Transaction-Member Financial Institution (MCC 6532), Payment Transaction-Merchant (MCC 6533), Money Transfer-Member Financial Institution (MCC 6534), Mastercard MoneySend Intracountry (MCC 6536), Mastercard MoneySend Intercountry (MCC 6537), Truck Stop Transactions (MCC 7511), Betting, including Lottery Tickets, Casino Gaming Chips, Off-Track Betting, and Wagers at Race Tracks (MCC 7995), Intra-Government Purchases (government only) (MCC 9405), or Intra-Company Purchases (MCC 9950).
- ³ Valid electronic authorization is obtained through a terminal or software. When an electronic authorization is obtained, all required authorization data & qualifying criteria must be present at settlement, including banknet reference number and date, etc.
- ⁴ Terminal Type = CT6; POS Terminal PAN Entry Mode = 81; E-Commerce Level of Security = 21, 23, or 91; POS Cardholder Presence Indicator = 5; Cardholder-Activated Terminal Level Indicator = 6.
- ⁵ MC International interchange programs include the MC Acquirer Program Support Fee (0.85%). MC Acquirer Program Support Fee only applies to original sale transactions and does not apply to refunds, chargebacks or reverse chargebacks.
- ⁶ Travel & Entertainment (T&E) includes Restaurants, Hotels, Car Rentals, Passenger Transport, Cruise Lines, and Travel Agents. Industry specific T&E II data: Airline/Passenger Railways – General Ticket Information: passenger name, ticket number, issuing carrier; Trip Leg Data: travel date, carrier code, service class code, city or origin/airport code, city of destination/airport code; Rail Data (Passenger Railway MCCs only may provide this data in place of, or in addition to Trip Leg Data): passenger name, travel date, start station, destination station, passenger description. Vehicle Rental – Vehicle Rental Detail: rental agreement number, renter name, rental return city, rental return state/province, rental return country, return location id, return date, check-out date, customer service toll-free number. Hotel/Motel – Lodging Summary: customer service toll-free number, arrival date, departure date, folio number, property phone number. Industry specific T&E III data consists of T&E II data plus the following: Airline/Passenger Railways – General Ticket Information: total fare; Trip Leg Data: stop over code, fare basis code, flight number, departure time; Rail Data (Passenger Railway MCCs only may provide this data in place of, or in addition to Trip Leg Data): ticket number, service type. Vehicle Rental – Vehicle Rental Detail: rental rate, rental location city, rental location state/province, rental location country, rental class id, tax exempt indicator, days rented. Hotel/Motel – Lodging Summary: room rate, room tax, total room nights, fire safety act indicator.
- ⁷ Level II Data requires a valid sales tax amount, tax indicator and valid tax id.
Sales tax must be between 0.1% and 30%.
If tax exempt (\$0 entered as tax amount or blank) will clear at Commercial Data Rate I (Corporate/Business/Purchase/Fleet/World Corporate/World Business/World Elite Corporate/World Elite Business/Enhanced Business).
The following MCCs are exempt from providing tax amount, but must send the tax exempt indicator: Marinas, Marine Service and Supplies (MCC 4468), Service Stations (MCC 5541), Automated Fuel Dispensers (MCC 5542), Miscellaneous Food Stores, Convenience Stores and Specialty Markets (MCC 5499), Fuel Dealers-Fuel Oil, Wood, Coal and Liquefied Petroleum (MCC 5983), Truck Stop Transactions (MCC 7511), UK Petrol Stations-Electronic Hot File (region use only) (MCC 9752), Transportation-Suburban and Local Commuter Passenger, including Ferries (MCC 4111), Bus Lines (MCC 4131), Courier Services-Air and Ground, Freight Forwarders (MCC 4215), Bridge and Road Fees, Tolls (MCC 4784), Schools, Elementary and Secondary (MCC 8211), Colleges, Universities, Professional Schools, and Junior Colleges (MCC 8220), Organizations, Charitable and Social Service (MCC 8398), Organizations, Religious (MCC 8661), Court Costs including Alimony and Child Support (MCC 9211), Fines (MCC 9222), Tax Payments (MCC 9311), Government Services not elsewhere classified (MCC 9399), and Postal Services - Government Only (MCC 9402).
The following MCCs are required to provide fuel addendum data on Fleet cards, but are exempt from providing Level II Data on other commercial cards: Marinas, Marine Service and Supplies (MCC 4468), Service Stations (MCC 5541), Automated Fuel Dispensers (MCC 5542), Miscellaneous Food Stores, Convenience Stores and Specialty Markets (MCC 5499), Fuel Dealers-Fuel Oil, Wood, Coal and Liquefied Petroleum (MCC 5983).
Level III Data is line item detail, which includes item description, item quantity, item unit of measure, product code, credit and debit indicator, extended item amount and either a valid tax amount or a tax exempt indicator. Large ticket transactions require level III data.
All Mastercard Purchase Cards levels require a customer code to be sent, if the cardholder provides it.
- ⁸ Fuel Detail Addendum Data requires Oil Company Brand Name, Purchase Time, Motor Fuel Information, Odometer Reading, Vehicle Number, Driver Number/Id Number and Product Type Code. Lodging Summary requires Customer Service Phone Number, Arrival/Departure Date, Folio Number, and Property Phone Number.
- ⁹ Mastercard Cardholder Spending Requirements for Small Business Products: Business Level 1 - \$0 to \$24,999.99; Business Level 2 - \$25,000 to \$49,999.99; Business Level 3 - \$50,000 to \$99,999.99; Business Level 4 - \$100,000 and greater.
- ¹⁰ Mastercard Large Market consists of the following Commercial products: Corporate, World Corporate, World Elite Corporate, Purchasing, Fleet, and Commercial Payment Account (new effective April 11, 2014).

Interchange Program • Card Type	Rate	Per-Item Fee	ICF Applies	Primary Qualification Criteria ¹ Applies to the card products listed in the Card Type column unless otherwise indicated. Discover Footnotes

- ¹ The numeric bullet point in the “Primary Qualification Criteria” column corresponds to the numeric bullet point in the “Next Interchange Program Logic” column within the same row. This column lists the next possible Interchange program when the qualifying criteria is not met. For example, when looking at numeric bullet point 1 under PSL Retail “Primary Qualification Criteria” column - Magnetic stripe, contactless, or chip data read, obtain customer’s signature - if a transaction is not magnetic stripe, contactless, or chip data read, and is key-entered then the next downgrade interchange program would be Key-Entry or PSL Card Not Present/E-Commerce when looking at the corresponding numeric bullet point in the “Next Interchange Program Logic” column.
- ² If transaction is \$25 or less no signature required for all MCCs except Money Transfer–Non–Financial Institution (MCC 4829), Member Financial Institution–Manual Cash Disbursements (MCC 6010), Member Financial Institution–Automated Cash Disbursements (MCC 6011), Quasi Cash–Member Financial Institution (MCC 6050), Non–Financial Institution (MCC 6051), Payment Service Provider–Money Transfer for a Purchase (MCC 6531), Payment Service Provider–Member Financial Institution–Payment Transaction (MCC 6532), Payment Service Provider–Merchant–Payment Transactions (MCC 6533) Money Transfer–Member Financial Institution (MCC 6534) Betting(e.g., lottery tickets, OTB) (MCC 7995).
- ³ Valid electronic authorization is obtained through a terminal or software. For Card Present transactions track data, including CVV is required. When an electronic authorization is obtained, all required authorization data & qualifying criteria must be present at settlement, Network Reference Identification (NRID), transaction ID, auth date, etc.
- ⁴ Equipment must be programmed to use the Address Verification Service (AVS). AVS not required for Recurring or Mobile Commerce.
- ⁵ Discover International interchange programs include the Discover International Processing Fee of 0.50%.

American Express Footnotes

- ¹ The numeric bullet point in the “Primary Qualification Criteria” column corresponds to the numeric bullet point in the “Next Interchange Program Logic” column within the same row. This column lists the next possible Interchange program when the qualifying criteria is not met. For example, when looking at numeric bullet point 1 under Business-to-Business / Wholesale “Primary Qualification Criteria” column - Magnetic stripe, contactless, or chip data read, obtain customer’s signature - if a transaction is not magnetic stripe, contactless, or chip data read, and is key-entered then the next downgrade interchange program would be Non-Swipe Tier 1-3 when looking at the corresponding numeric bullet point in the “Next Interchange Program Logic” column.
- ² American Express Non-Swipe programs include the American Express Non-Swipe Transaction Fee (0.30%).
- ³ American Express Non-US programs include the American Express Inbound Fee (0.40%).
- ⁴ If transaction is \$50 or less no signature required for Taxicab/Limousine (MCC 4121), Bus Line (MCC 4131), Toll/Bridge Fee (MCC 4784), Grocery Store (MCC 5411), Misc. Food Stores (MCC 5499), Gas Station (MCC 5541), Record Stores (MCC 5735), Restaurant (MCC 5812), Fast Food Restaurant (MCC 5814), Drug Store/Pharmacy (MCC 5912), Sporting Goods Store (MCC 5941), Book Store (MCC 5942), News Dealer/Newsstand (MCC 5994), Misc. Specialty Retail (MCC 5999), Garment Cleaning (MCC 7210), Laundry Service (MCC 7211), Dry Cleaner (MCC 7216), Copy Reproduction (MCC 7338), Parking Lot/Garage (MCC 7523), Car Wash (MCC 7542), Movie Theater (MCC 7832), Video Rental Store (MCC 7841), Commercial Sports (MCC 7941), Doctor/Physician (MCC 8011).
- ⁵ American Express requires merchants to authorize and submit field level data on all American Express transactions. Failure to meet these requirements may result in the American Express Technical Specification Non-Compliance Fee (0.75%).
